PROFILE

Hello! I'm Thuta, a junior developer specializing in MEAN Stack (MongoDB, Express.js, Angular, Node.js), MERN Stack (MongoDB, Express.js, React.js, Node.js) and Flutter. I have experience developing dynamic web and mobile applications, focusing on performance, user experience, and scalability. I am currently looking for internship and remote jobs opportunities in Thailand to gain hands-on experience, as well as freelance projects where I can apply my skills. Let's connect and build something amazing together!

WORK EXPERIENCE

TASTYSOFT Software Co., Ltd
Junior Software Developer

2023-2025

- Developed web and mobile applications using MEAN, MERN stack and Flutter.
- Worked on API integrations and improved system performance.
- Collaborated with a team to deliver client projects efficiently.
